# ANCHORING THE CLUB—UNDERSTANDING RULE 14-1b

The USGA and The R&A, golf's governing bodies, have adopted changes to Rule 14-1 of the Rules of Golf that prohibit anchoring the club in making a stroke. The new Rule will go into effect on January 1, 2016, in accordance with the regular four-year cycle for changes to the Rules of Golf.

## WHAT CHANGES?

The new entry — Rule 14-1bprohibits strokes made with the club or a hand gripping the club held directly against the player's body or with a forearm held against the body to establish an anchor point that indirectly anchors the club.

## WHAT THE RULE SAYS

In making a stroke, the player must not anchor the club, either "directly" or by use of an "anchor point."

### NOTE 1:

**PROHIBITED** 

The club is anchored "directly" when the player intentionally holds the club or a gripping hand in contact with any part of his body, except that the player may hold the club or a gripping hand against a hand or forearm.

## NOTE 2:

An "anchor point" exists when the player intentionally holds a forearm in contact with any part of his body to establish a gripping hand as a stable point around which the other hand may swing the club.
